

2012 *Wedding* PRICING GUIDE

a little drunk
A LITTLE ROMANCE
a little hip
A LITTLE VINTAGE
mega love

make it Yours!

Here at BerryTree Photography we are all about simplifying! We completely understand that as a bride you are having to make more decisions about this ONE day than you possibly could have imagined! That's why we have created 100% customizable wedding photography collections. All you need to do is follow the steps below.

First, choose the number of hours of coverage you will need. Along with your hours of coverage you will also receive the full resolution digital images from your wedding day. These digital images are the BEST images from your big day. We do the culling (fancy photographer language for weeding out) for you! This means that you are not receiving images with eyes closed, heads turned, or identical shots. You receive only the best - one more way we love to help simplify your life! Also, these images will be yours to keep and do whatever you want with! You'll receive them on a jump drive (way safer than a disc) along with a waiver giving you full permission to print and use for your personal use!

So go ahead...first...choose the number of hours of coverage you need...then...move on to the next page to choose more options to add to your collection!

Collections

10 HOUR COLLECTION : \$4500

8 HOUR COLLECTION : \$3600

6 HOUR COLLECTION : \$2925

NOVEMBER -MARCH WEDDINGS ENJOY A
DISCOUNT OF 20% OFF THE ABOVE PRICING.

add an Additional Photographer : \$40 per hour

Add on the Goodies!

Ok...so you've chosen the number of hours of coverage you will need. That's the first step! Now...you have the option to add more goodies to your collection. You'll see below that there are two pricing options for each add-on item. Why? Well...you'll receive a discount if you add the items below to your collection now. You also have the option of waiting and ordering add-on items after your wedding day.

So...if you know you are going to want an album or an engagement session (or both!) add them on now and you'll realize significant savings! (Yay for saving money!)
